with John Deere Round Baler attachments

1 Adjustable Twine Guide

This guide moves the location of the twine closer to the center of the bale. It's especially useful when baling slick grasses and straw.

- BE24157** 557, 558 and 559
- BE24158** 447, 457, 448, 458, 449 and 459

2 Gathering Wheels

Add more productivity with wheels that are perfect for picking up extra-wide or wind-scattered windrows.

- BE23893** 6, 7, 8 and 9 Series
(Regular and MegaTooth Pickups)

3 Hydraulic Bale Ramps

Automatically roll bales away from the baler on level or moderately rolling terrain – eliminating backing up.

- BE24268** 458
- BE32285** 459
- BE24269** 558
- BE32291** 559

4 Bale Counter

This attachment helps you accurately and effortlessly keep track of how much you've baled.

- BE22696** 6, 7, 8 and 9 Series

5 Pickup Gauge Wheel

This kit protects your pickup over uneven terrain with smooth ground gauging and adjustable pickup-tooth-to-stubble-height.

- BE31132** Pickup Gauge Wheel 6, 7, 8 and 9 Series (Regular Pickup)
- BE31133** Gauge Wheel Arm Kit 6, 7, 8 and 9 Series (Regular Pickup)

Add more Productivity with John Deere Round Baler attachments

Attachments

Hydraulic Pickup Lift

Raising the pickup for transport and clearing field obstructions is a snap with this attachment. The crank handle serves as an adjustable down stop when the hydraulic pick-up lift cylinder is installed, limiting pickup downward travel.

BE32240 6, 7, 8 and 9 Series
(MegaWide™ Plus)

BE32241 6, 7, 8 and 9 Series
(Regular Pickup)

Variable Core Valve

Control hydraulic pressure for easier starts, even in difficult conditions. This kit is for balers equipped with BaleTrakPro™ and BaleTrakPlus™ monitors.

BE23827 466, 566, 467, 567, 468, 568,
469, and 569

BE24159 457, 557, 458, 558, 459 and 559

BE32298 459 Standard with Electric Twine

Auxiliary Take-up Arm

Keep your belts from flipping and twisting, even in hilly conditions

BE32258 468 and 469

BE32259 568 and 569

BE32453 458, 558, 459 and 559

COVER-EDGE™

Get complete coverage for higher hay quality and a better-looking bale with net wrapping that stretches over the edges. This attachment also provides storage for an extra roll of surface wrap.

BE32449 567, 568 and 569

BE32450 467, 468 and 469

BE32451 557, 558 and 559

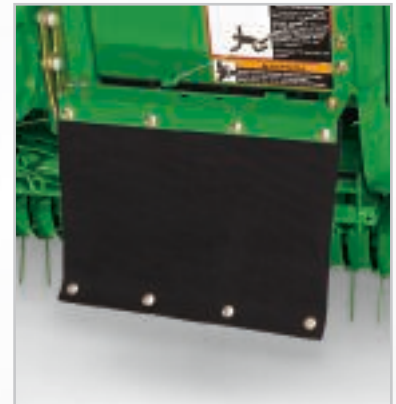

BE32452 457, 458 and 459

High Floatation Tires

Add more productivity with a faster ground speed over rough or pivot-tracked ground. In addition to a smoother ride, the larger footprint also decreases ground compaction.

BE31125 8 and 9 Series
(Mega Wide™ Pickups)

Deflector Curtains

Deflect objects that may be thrown forward by MegaTooth™ teeth. Easy removal makes switching to pickup service a snap. (Only available for MegaWide™ pickups.)

BE30004 6, 7, 8 and 9 Series

BE30005 6, 7, 8 and 9 Series
